Free Clinics

The Virginia Anti-Tuberculosis Association in co-operation with the medical and philanthropic authorities in Wise county, are offering free clinics May 12-21, inclusive. At these clinics, an opportunity for free physical examination for all who desire it will be given.

Dr. Cole, State Tuberculosis Clinician, will make the examinations. These examinations furnish an opportunity to discover the disease before it becomes incurable.

It will be remembered that such an examination was held in Wise county in March, at Big Stone Gap and Appalachia. The number of people presenting themselves for examination was three times as great as the examining physician could serve at that time. Therefore, this second series of examinations has been planned. Clinics will be held for the first time in Norton and Dorchester, and a second series will be held at Big Stone Gap and Appalachia. Later clinics will be arranged for Wise, Cochran and other points in the county. If the number presenting themselves for examination at Norton and Dorchester is greater than can be examined in the allotted time, arrangements will be made for other clinics in these places at a later date.

Once more it would seem to be advisable to call the attention of the public to the need of discovering disease before it takes firm hold upon the individual, since "an ounce of prevention is worth a pound of cure." Especially is this true of the chest and throat troubles. And the influence of the autumn and winter, just ended, has left far more than the usual sickness of this character in its wake. There were 10,000 more deaths in Virginia in 1918 than in 1917, most of this increase was due to influenza and pneumonia. The toll from tuberculosis will follow unless measures to prevent it are taken and taken in time. Tuberculosis is a preventable disease, but it is only preventable if active measures are taken while it is in its incipient stage. One out of every eight deaths in Virginia is from tuberculosis. This high death rate is a blot on the escutcheon of the state. Many lives will be saved to the state, to Wise county, to the family, by the campaign which has been inaugurated by the Virginia Anti-Tuberculosis Association and the interested citizens of Wise and other counties.

WORLD RECORD IN WHEAT PREDICTED

Forecast of Winter Wheat Crop Places Size at 900,000,000 Bushels.

Washington, May 8. — The greatest crop of winter wheat ever produced in any country is in prospect for this year's harvest. Today's forecast of production, estimated by the Department of Agriculture, placed its size at almost nine hundred million bushels—in exact figures, 899,915,000, which would make this year's harvest worth \$2,034,000,000 at the government's price guarantee of \$2.26 a bushel.

Kansas is producing an enormous crop, the forecast of production for that state being almost 22 per cent. of the coun-

try total indicated output. Illinois has a forecast of nearly 66,000,000 bushels, Indiana about 56,000,000, Ohio 55,000,000 and Oklahoma slightly more than 54,000,000.

The acreage is the largest on record and the area abandoned from winterkilling, overflows and other causes is extremely low, 1.1 per cent. Growing conditions have been splendid and the crop from April 1 to May 1 made an improvement bringing it 100.5 per cent. of a normal, which is the highest condition on record for May 1. Continued good growing conditions from now to time of harvest might result in a crop larger than 900,000,000 bushels.

Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Theford's Black-Draught as a family medicine. My mother-in-law could not take catenol as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. . . . We use it in the family and believe it is the best medicine for the liver medicine." Try it. Insist on the genuine—Theford's. 25c a package. E-75
